# VIRTUAL WITHDRAWAL OF ITALY IS INDICATED WILSON WILL NOT JEOPARDIZE LEAGUE'S PLANS

Absence of Italian Delegates from Conference Monday and Again Today Gives Rise to Belief that Italy Has Withdrawn from Peace Conference Because of Adriatic Dispute

## JAPANESE QUESTION IS CONSIDERED

Assurance Comes from President that in Considering Dispute and Alliance He will Do Nothing to Conflict with Principles of League Pact

WASHINGTON, APRIL 22.—(Associated Press)—Administration officials were advised in a confidential cablegram from Paris today that in consideration of problems such as Italy's Adriatic claims and the question of an alliance to protect France from future aggression, President Wilson would take no action which might in the slightest degree jeopardize the League of Nations or conflict with its fundamental principles.

The message was a reply to a cablegram of inquiry regarding the President's attitude toward a secret alliance which, according to French newspapers, contemplated a special defensive pact to be entered into by France, Great Britain and the United States.

## PREMIER ORLANDO STILL ABSENT

PARIS, APRIL 22.—(Associated Press)—Premier Orlando of Italy was absent this morning when deliberations were resumed. President Wilson and Premiers Lloyd George and Clemenceau were present. The Japanese question was again taken up, it having been presented to the council again when the deadlock over the Adriatic question was reached.

(By Associated Press)

Germany has finally bowed to the virtual ultimatum of the Entente relative to the sending of "mere messengers" to the peace congress at Versailles and will be represented by a delegation having full powers to negotiate a treaty.

This closes what for a time threatened a grave complication in the conference work. It is possible the actual meeting of the allied and German delegates will not occur until April 28th as the change in the German plans and the physical impossibility of having the official draft ready for presentation April 25th, makes a postponement necessary.

In the meantime the Italian situation is a cause of grave concern. After conferences with Premiers Lloyd George and Clemenceau, Premier Orlando and Foreign Minister Sonnino of Italy absented themselves from the meeting of the council of four on Monday afternoon. Whether this marks a virtual withdrawal of the Italians has not developed.

President Wilson, who is still opposed to the treaty of London under which Italy lays claim to Fiume and the Dalmatian coast, has prepared a statement which he will make public if the deadlock continues.

The Soviet regime at Munich has crumbled. The ministry headed by Herr Hoffman is at work and resumption of governmental functions is under way.

On the Ural front in Russia forces under command of the Omsk All-Russian government have defeated the Bolsheviks who are retreating.

Demoralization in the Bolshevik ranks is reported and the peasants of the Viatka government have revolted against the Lenine-Trotsky government.

## TEXT OF LEAGUE IS NOW IN U. S.

(By Associated Press)  
Washington, April 22.—The complete text of the revised covenant of the league of nations was received at the State Department today. Acting Secretary Polk has asked the President for directions as to its publication.

## ANNEXATION IS OPPOSED

PARIS, APRIL 22.—The cantons of Prussia have sent a dispatch to M. Clemenceau, Chairman of the Peace Conference, requesting that their annexation to Prussia be cancelled.

## GERMAN STRONGHOLD, HELIGOLAND, TO BE LEVELLED

Heligoland to be leveled to the sea.

It has been decided by the Peace Council at Paris that the German sea stronghold, Heligoland, shall be dismantled and, as far as possible be destroyed, according to a recent report from Paris. Heligoland was the Gibraltar of the North Sea. It was the stronghold and headquarters naval base of the German fleet during the world war. It was owned by Great Britain from 1807 to 1890, when it was acquired by Germany in exchange for other land. The island was fortified by the Germans and controlled the entrance to the most important German ports of entry.

## BOND SALES IN THIS DISTRICT AT \$45,000,000

Thirty-four Villages and Townships and Four Counties Over Top

(By Associated Press)  
Cleveland, O., April 22.—Forty-five million dollars' worth of Victory bonds had been purchased in this district up to noon today, according to official reports. A large part of this was from the smaller communities, the reports of larger cities not being tabulated.

Thirty-four cities, villages and townships and four counties in the district had won victory loan honor flags up to today for having raised their quotas.

## LETTER FAILS TO ARRIVE

Indianapolis, Ind., April 22.—Senator James E. Watson said Monday he had not received a letter from Governor Goodrich asking him to state whether he was a candidate for President or Senator as was reported from Washington. Senator Watson says, however, he is a candidate for Senator and not for President.

## VICTORY LOAN SUBSCRIPTIONS ARE PILING UP

Advance Pledges to Loan Much Greater Than in Any Previous Campaign

Farmers Calling by Phone in Order to be in on Big Victory Loan

(By Associated Press)  
Washington, April 22.—"A distinctive tone of optimism distinguished the scores of telegrams that arrived at the Treasury Department today" said an official review of the victory campaign.

A report from Cleveland says: "Advance pledges to the loan were much greater than in any previous campaign."

Many banks in the Central West reported today that farmers were calling by telephone and urging bonds be held for them until they could reach town later in the week.

An effort is reported from the Cleveland district to close the campaign this week in many sections with each community reaching its goal.

## SAYS TREATMENT PRIVATE SOLDIER NOT CONSIDERATE

Lieut. Col. Ansell Renews Attack Upon Army System of Justice

Declares Congress Should Provide Army Rules

(By Associated Press)  
Washington, April 22.—Lieutenant Colonel Ansell, former Acting Judge Advocate General, continued today his attack upon the army system of justice before the investigating committee of the American Bar Association. Declaring it a fact that the enlisted men did not receive the same consideration of their rights that officers enjoyed, Colonel Ansell argued that the only remedy lay in writing into the law the guarantee of the rights of the soldiers.

"Congress cannot command the army, but Congress should prescribe the rules for its discipline," he said.

## REVOLT IN TURKEY CHAOS IN HUNGARY

Hungarian Soviet Government Has Fallen and Rumanian Forces, Joined by Czechs, Defeat Soviet Army Says Message Sent by Aerial Mail

## WILD DISORDERS IN BUDAPEST CITY

Reports Indicate Soviets Have Overthrown Turkish Government and Established Rule by Soviet Committee in Constantinople.

AMSTERDAM, APRIL 22.—(Associated Press)—The Hungarian Soviet government, headed by Bela Kun, is reported to have fallen, by dispatches from Vienna, quoting reports from Budapest by aerial mail.

Rumanian forces advancing from the east have been joined by Czech troops and the Soviet army has been defeated.

Szekler soldiers, representative of a minor race living in the Transylvanian Alps, have deserted the Soviet army and joined the Rumanians, it is said.

Advices from Budapest indicate the social democrats have taken over control. They are headed by S. Kunfi, the commissioner of education in the Soviet cabinet. Wild chaos is reported to prevail in Budapest.

## TURKEY IS SCENE OF REVOLUTION

PARIS, APRIL 22.—(Associated Press)—A revolution has broken out in Turkey and a Soviet government has been declared. A revolutionary committee has been established at Constantinople according to a telegram received from Kiev, quoting the Bolshevik representative at Odessa, who says that the Turkish consul there has received official announcement of the change in government.

## BELA KUN DENIES CRISIS REPORTS

LONDON, APRIL 22.—(Associated Press)—Bela Kun, the Hungarian foreign minister, in a telephone message to Vienna, denies the accuracy of reports regarding the political crisis in Budapest and says the communists still are exercising their dictatorship.

## HUNS TO VOTE ON PEACE TERMS

BERLIN, APRIL 22.—(Associated Press)—Appurtenances for an election are in readiness for an immediate plebiscite on the peace terms which can be completed all over Germany in 48 hours.

Preparations have been going forward secretly for days. It is declared the cabinet wishes to avoid responsibility of either refusing or accepting the terms.

It is believed the result of such action will be a refusal to accept the peace terms because the people will overlook the consequences of such an act.

## GLENN BOOSTS LOAN

Youngstown, Ohio, April 22.—In opening the Victory Loan drive in Mahoning County Major General Edwin F. Glenn, who commanded the Eighty-third Division, declared Bolshevism would make but little progress in this country.

## GIVEN FREEDOM ORDERED HOME

(Special to The Herald)

Chillicothe, O., April 22.—Two women, giving the names of Goldie Stratton and Florence Morrison, both of whom are said to be married, were ordered back to their homes in Washington C. H., today.

The couple was arrested at a local hotel in company with two soldiers.

## MAY BE LYNCHED

## BOLSHEVIK ARMY LOSES IMPORTANT CITY OF VILNA

Lithuanians Attain Goal and Drive Bolsheviks Out of Vilna

Occupation Officially Admitted by Losers

(By Associated Press)  
London, April 22.—The important city of Vilna has been recaptured from the Bolsheviks, according to official admission in Russian wireless dispatches. The Russian message says: "The enemy attacked with considerable forces and piercing our line, occupied the town."

Vilna, capital of Vilna Province in Lithuania, has been the objective of the Lithuanian forces.

## BUICK

Power is the keynote of the Buick car—unlimited power that is instantly available by simply opening the throttle of the Buick Valve-in-Head motor. And this power means performance, which is the first requisite in a motor car. Without it, the economy, the beauty, the convenience and even the stability for which Buick cars have long been noted would lose much of their attractiveness. But in the Buick car you have all these things—plus power such as only the Buick Valve-in-Head motor can furnish.

You have easy operation—insured by a flexible motor—a patented clutch—perfect steering gear—accessible driving conveniences. You have utmost comfort—roominess—fine upholstery—cantilever springs—excellent balance. You have appearance, secured by distinctive body lines—glossy finish—tasteful trimmings. You have durability that does not end with one or two seasons' driving, but lasts as long as good materials and careful manufacture can make it. And still, power is the keynote of the Buick car. The other features have been developed through the years around a central point—the Buick Valve-in-Head principle of motor design.

## WILSON PLANS A STATEMENT UPON ADRIATIC CLAIMS

The Meeting Monday Afternoon  
Fails to Bring Solution to  
Problem

(By Associated Press)

Paris, April 21.—The question of the Italian claims was not disposed of at the meeting of the council of four Monday afternoon.

The council was unable to agree on the Adriatic question and decided to proceed to other business. It was hoped that the issue between the Italians and the Jugo-Slavs on the subject of the Adriatic Coast and Fiume would be settled at the afternoon session at the white house, but, contrary to expectation, neither Premier Orlando nor Foreign Minister Sonnino appeared. For this reason the question could not be taken up. The Italian question reached a culminating phase early yesterday

when President Wilson refrained from attending the meeting of the council of four and consulted with the other members of the American delegation concerning the advisability of issuing a public statement. Later, however, Wilson met with the council.

The president's visit to American headquarters at noon lasted about an hour. It was made clear that the situation was serious and that the president's determination was irrevocably against any recognition of the secret treaty of London, on which Italy largely bases her claim for the eastern Adriatic Coast. The delegation gave its full support to the president's attitude.

## NOTABLES WILL BE HERE TO AID VICTORY LOAN

"Freedom's Fighting Six" to  
Appear Here Wednesday,  
April 30th

The major attraction of the Victory Loan drive in Fayette county, "Freedom's Fighting Six," will appear in this city on the evening of April 30th—the day of the big celebration and soldier's parade in this city.

Briefly the members of the famous troupe consist of Captain L. D. Gibbs, member of the British Embassy and British High Commissioner of America; Lieutenant Robert A. Shaw, member of the Canadian High Commission of America; Lieutenant Rene Froment, member of the French High Commission in America; Marshal Emile Hendricks, Secretary of the Belgian High Commission of America; Lieutenant Bruno Rosselli, member of the Italian High Commission in America, and Captain F. C. Redick, of the United States, member of the Thirty-seventh Division and one of the five men cited for special bravery in the Argonne Forest on special order from Secretary Baker.

All of these notables will appear at the big night session to be held in this city, according to announcement just made by the district committee, and because of their distinction, are expected to draw a large number of persons from throughout this part of the state.

## NEW DUPLEX DOUBLE RESIDENCE PLANNED FIRST IN THE CITY

Messrs. Geo. H. Hitchcock and Walter L. Herron have purchased of Messrs. Clarence and Walter Craig a large lot and residence property on East Palm street, immediately east of Attorney Tom Maddox's residence, and are preparing to erect an attractive duplex double residence—the first of its kind in the city.

The building will be erected as an investment, and is one of the first moves on the part of any local citizens to assist in providing additional homes in this city to meet the constantly growing demand for homes of the better class.

The "duplex double" consists of a modern flat, commonly known as the St. Louis flat, and consists of one complete flat on the first floor and a duplicate on the second floor, or in other words, one family lives on the first floor and another on the second floor.

Work on the flat will be started without delay and the building will be ready for occupancy as soon as possible.

## SIX TICKETS FOR QUARTER

(By Associated Press)

Columbus, O., April 22.—By a four to three vote council last night passed the Griffin ordinance offering relief to the Columbus Railway, Power and Light Company by permitting it to sell six tickets for a quarter with free transfers for a period of two years. The ordinance does not include the old Central Market lines owned by the company.

Councilmen Griffin, Lamneck, Nailor and Weinland voted for the measure, with Alcott, Zimpfer and Westlake against it.

A referendum may be taken. Opposing councilmen forecast one. If none develops, and the company accepts the proposal, the increased fare rate will be effective May 21.

The ordinance provides that the company must expend no less than \$500,000 for betterments and extensions during the seven remaining years of the franchise.

A woman may pretend to be convinced against her will, but she never is.

## The Victory Loan

The great Victory Loan campaign is on. Our armies are coming home—the victory won. They have done their part and completed, with glory, the tremendous task assigned to them.

Many times, during the dark days of 1918, after the fury of the supreme German effort had failed of its purpose, our men went over the top. Time after time they concentrated for new efforts following initial successes in July.

Five times before, during the days when our great military machine was in the building, when the menace of war was great, our civilian population has gone over the top with the billions of dollars to meet the cost of war.

It was the final battle of our soldiers, however, that won the war for liberty, when our armies went over the top finally in the concluding drive and broke the great hinge of the German lines beyond the Argonne.

Every other attack, all other sacrifices would have been in vain if the final success had not been won.

The armies never faltered when the supreme test came—when it came time to finish the work, although they knew the victory was assured, there was no hesitation.

All the billions of dollars we have loaned in other drives, all the glorious record made would be blotted out, the victories won by the armies would be negated if the great victory loan drive—the final and supreme effort of the civilian population—failed.

But that's inconceivable—singly and in groups—communities all over the land are wiring Washington that the quota assigned them was subscribed within a few hours after the campaign opened. The success of the drive is assured.

It will be next, in glorious satisfaction, to that day when the Americans broke the German line hinge beyond the Argonne forest, so bravely won, when the civilian population of America goes over the top, with ease, in this final drive of the great world war.

Let's go—

## Waiting Their Chance

All "set" and ready for the trial flight the aviators, mechanics and observers, with their giant 'planes made ready, stored with food and fuel, with every rod, every brace, every bolt bar tested with the last drop of oil injected at the points needing lubrication, on the shores of Newfoundland are looking east into the snow clouds and fog banks which curtain the mighty deep, waiting for the weather to clear so that the dash across the 1000 miles of water may be undertaken.

The world is confident that the experiment will be successful and once made by the intrepid pioneer among the aviators, once the trail is marked out, once the proof is given that the ocean can be crossed, the growth and development of the Halifax-to-Queenstown air line will be rapid.

Before the summer is past the world, which has grown to accept the "impossible" as commonplace will be, in blase manner reading reports of departures of the great ships of the air as a matter of course.

## Italy's Claims

The world has not been given all the details in connection with Italy's stubborn demand for territorial concessions at the hands of the peace conference.

With the facts available to the public, however, it does seem that Italy's demand is untenable no matter what her secret understandings, either antedating or following the entrance of this nation into the war, or with what nation such secret agreements were had.

Italy knew upon what terms and in defense of what great principles the United States agreed to join in the war against Germany.

The Italian government knew just what was embodied in the "famous fourteen points"—the principles upon which peace was to be predicated.

It does not rest with Italy at this time to assume an attitude which places her in the position of repudiating her agreement to those principles. Italy agreed to those principles and she cannot now plead any secret agreement or understanding which avoids that agreement or urge any claim which conflicts with that solemnly accepted declaration of principles.

It does seem that the peace conference should not long remain "deadlocked" over any contention which is in conflict with Italy's solemn covenant made in time of stress.

No nation can justly participate in the framing of the great treaty of peace upon which the hopes of the world must rest, seeking any selfish advantage which conflicts with the great principles which resulted in the calling of the conference.

## POETRY FOR TODAY

### FINISH THE BRIDGE

America's Call For The Fifth "Victory" Loan.

Ho! finish the bridge that we started to build.

The Victory Bridge

Wake! workers get busy, your country has willed

Freedom Shall Live.

Of its arches five, we have builded but four.

Can We Default?

No! our heroes are coming, just one arch more,

Will Finish The Bridge.

Up with your flags, down with your dollars to build

The Victory Bridge;

Hear ye the cry that comes from our maimed and killed,

"Freedom Must Live!"

America calls to her millions of sons,

Can Ye Refuse

Up! hasten the tread of your home-coming ones

And, Finish The Bridge.

Ye who have dwelt in safety at home must build

The Victory Bridge;

Ye who said—your feet well shod and stomachs filled,

"Freedom Shall Live."

Up with your flags, down with your dollars this day.

For, Writ In Blood,

Wet with tears of the world is the bill we pay

To Finish The Bridge.

Shall they of the future say we failed to build

The Victory Bridge?

Shall our hearts and hands that are strong and skilled,

Halt or Delay?

When from hearts that are cold and hands that are still,

Comeh The Call,

Women and men of today you can and will

Now Finish The Bridge.

Yes! dwellers in ocean depths for you we build

The Victory Bridge;

Yes! sleepers in Flanders fields; ye who have willed

Freedom Shall Live.

We of your kin, will cherish the trust you gave.

And Should Need Be.

We too, can die for all that you died to save;

We'll Finish The Bridge.

—Arthur H. McOwen.

## SOLDIER KILLED OTHERS INJURED

(By Associated Press)

Gallopolis, O., April 22.—The automobile of J. W. Miller, returning from Camp Sherman last evening with several discharged soldiers, plunged over an embankment near this city and Sergeant Alfred Mayes was instantly killed. Others were badly bruised.

Mayes fought with the Thirty-seventh Division in France. He had just received his discharge today and was returning to his home here.

## STOPS WORST CASE OF INDIGESTION

REV. HICKMAN VOUCHES FOR THIS STATEMENT.

When a person gets up in the morning all dragged out, with no desire for breakfast, a bad taste in the mouth, and no zest for work, nine times out of ten it is because the digestion apparatus is not working right. The supply of food that should repair the bodily waste and increase the strength has fermented, or failed to digest, and instead of helping make the rich blood that means strength and energy, it has put a poisonous mixture into the arteries.

You cannot stay well if that condition continues. Soon you get stiff, your head and back ache, you do not sleep well, your stomach and bowels pain you, and you rapidly become a confirmed dyspeptic.

Dr. Parker's Treatment for Indigestion and Constipation meets just such cases, no matter how far advanced. It sweetens the stomach, clears out the undigested food, tones up the glands that secrete the gastric juices, strengthens the stomach muscles, and soon you eat what you want and forget all about it, for your digestion is again perfect.

This treatment has been doing just that for many years right in this town, and a number of our best citizens have volunteered testimonials to its excellence so that no one need suffer. Rev. W. H. Hickman, of 137 W. Locust St., Newark, tells his experience:

"For ten years I suffered severely from indigestion and constipation. I treated with different doctors, took other medicines, but received only temporary relief and gradually grew weaker. A friend recommended Dr. Parker's Treatment. The first box gave relief. A few boxes cured me. I gladly recommend Dr. Parker's Treatment, believing it will cure the worst case if taken as recommended."

Dr. Parker guarantees this treatment. If a \$1 box doesn't do all you expect of it, he will refund your money promptly. Your good judgment tells you he could not do this if the treatment was not always successful. It is the result of his thirty-five years' study of indigestion, and it has proved its value so thoroughly that you should go to any drug store, get a box, and start toward getting well, for you need not suffer any more.

Prepared and guaranteed by Geo. B. Parker, M. D., Athens, O.

# News of Interest to Women

The season of the decorator has arrived—whether it be the domestic decorator, who peruses the "Home Beautiful" and then devotes days to the harmonizing of mural decorations and furnishings—or the professional decorator, who brings to the home his expert knowledge.

The result of the efforts of both finds its success in the way distinctive and artistic ideas are employed and nothing better rewards the home maker, who finds the professional decorator beyond her income, than the time devoted to the tasteful spring freshening of her home.

The "Woman Who Saw" of the New York Sun relates a timely incident in this line:

The interior decorator was in a cheerful mood. For business was picking up, and after lean years, she saw the possibility of profit. Indeed that very day she had completed an order for a woman whose husband had made a fortune in drugs. And she told a lunch at the Women's University Club some of the humorous glimpses she had been given of the art sense of newly arrived pluto-

cracy. Her commission was the decoration of the private suite of the lady in question, bedroom, bath and sitting room. Money was no object, and the only limit was the whim of her employer. Blue must be the background, decided the plutocratic one, as that was her color. With this as keynote, the bath grew a marvel of blue and white tiling, with floor rugs to match. The two other rooms were a riot of trailing blue and white. Even the prints on the walls hung by blue ribbons wreathed in pale flowers. The few books admitted to the sanctum were bound accordingly. The result was astonishing, but highly satisfactory to the owner. In the last interview the decorator asked her if the whole was to her taste. Lying back in a negligee of Nattier blue, Mme Plutocrat surveyed the scene. Then she spoke slowly, raising the full skirted drape that hid the telephone. "Well," said she, "if I were to suggest anything it would be to change the color of this phone. The green cord and black stand jar with the rest of the room." A word to the wise, in this case, was sufficient. And today that lady talks to her friends through a transmitter of silver and white, with a pale blue cord to guide the message on its way.

courses. Easter lilies were in artistic table arrangement and white and yellow were the prevailing tints of the favors and accessories.

Combined with the delightful sociability of the hour was considerable discussion of future Club plans.

Seated with Mrs. Dahl were Mrs. Frank M. ## HELD CAPTIVE

Mrs. Frank G. McCormick

Mrs. Frank G. McCormick, bride of Sergeant-Major Frank G. McCormick of Mahaffey, Pa., was formerly Miss Eleena V. Marsden, of Saskatoon, Canada. She enlisted in the Stenographic Corps of the Canadian Army in 1914 and soon went to France. During the great German drive she was wounded and captured and held prisoner for four months. During this time she declares, the Germans deliberately disfigured her. After her release she went to London and soon returned to service in France. In April of last year she was again wounded, and while being taken to a hospital met her future husband. The photograph was made upon her arrival in New York.

Dr. W. E. Ireland was a professional visitor in Columbus, Monday.

Overland Model 90 Touring Car

Showing the World What 600,000 Owners Know

A few days ago a STOCK Model 90 Overland touring car again proved its stamina by smashing completely the world's non-stop HIGH GEAR record. The official records prove it to be one of the greatest reliability records ever made by any car. The distance covered was 129 miles better than the best previous showing.

This test was made in Oklahoma. It was not staged on boulevards. The daily average was over 600 miles through the severest weather, and over every kind of road from country highways to crowded city streets. The distance was equal to a trip from New York to Los Angeles, and back to Oklahoma City.

The car was sealed in HIGH GEAR and the shift lever was removed. Not once was there the slightest mechanical trouble, the least hesitation, or the faintest break in the smooth, even action of the Overland motor.

At the end of seven days and seven nights of gruelling test the Overland Model 90 finished in as perfect running condition as when it started, and this standard car is an EXACT DUPLICATE of the Model 90 we will be glad to show you.

This test does not make the car better, it merely proves in a dramatic way what owners already know about this wonderful car.

**SAD MESSAGE SEALS FATE PVT. PINKERTON**

Relatives and friends in this city will read the following clipping from the Middletown paper with sadness and much sympathy for the bereaved family, formerly residents of this city.

"A telegram from the war department was received last Saturday night by Mr. and Mrs. Robert W. Pinkerton, of 158 N. Broadway, stating that a cablegram from abroad stated that Private Raymond A. Pinkerton, U. S. Marine Corps, is now reported buried. No further particulars can be found out at present, but investigations are being made abroad to find out the date and cause of his death.

It will be remembered by Pinkerton's many friends that he was wounded on July 19, 1918, in the battle around Chateau Thierry. No further particulars have ever been received by his parents and it was hoped that perhaps that some unknown reason kept him from writing and that he would come home this spring, so the receipt of the telegram was a terrible shock to his relatives.

Raymond had been in the service nearly two years, having enlisted in the service of his country on May 31, 1917. He left this country for overseas, January, 1918, landing in France, January 26."

The armored cars, the numbers of several of which have been obtained, are being built at Gleiwitz, in the car works. Each car is provided with two guns.

**HAS GREAT TAX**

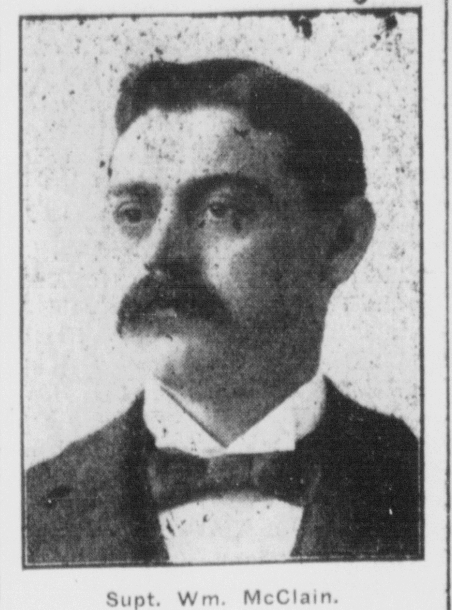

**Baron Waldorf Astor**

It is reported from London that a well-known British peer who was born an American and became naturalized in England some years ago, has paid more money for income tax than the total of his income, which is said to be \$4,000,000. The inference is that the above dispatch refers to Baron William Waldorf Astor, former American Multi-millionaire. Being a British subject, he is compelled by British law to pay income tax on all his revenues from all sources, and the American law compels payment of income tax on all his income from American property. His New York taxes on Astor realty amount to about \$1,600,000; the Federal income tax, with surtaxes, \$1,200,000, and the British income tax, at \$1,600,000, while his total income from his American properties is estimated at \$4,000,000 annually, or \$400,000 less than his total taxation on both sides of the Atlantic.

**SUPT. WM. M'CCLAIN RE-EMPLOYED AT INCREASED SALARY**

At a meeting of the Board of Education Monday night, Prof. Wm. McClain was re-employed to superintend the Washington schools for another term, and at an increase in salary as recognition of his marked ability as chief executive of the schools.

Superintendent McClain already has served ten years in the capacity of superintendent of the Washington schools, and as result of the high standard of the schools he has maintained they have attracted considerable attention in this part of Ohio.

Supt. Wm. McClain.

Superintendent McClain's salary was increased from \$2500 to \$2750 per year.

During his ten years as head of the Washington schools, Superintendent McClain has had a number of attractive offers to head other schools, and has been prominently associated with a wide variety of civic movements and enterprises for the general public good.

**DEMAND FOR BONDS ON THE INCREASE IN FAYETTE COUNTY**

Chairman C. P. Ballard reports that the demand for Victory Bonds is growing, and that up to the present time, although no personal canvass is being made, tens of thousands of dollars worth of bonds have been sold by the various banks of the city and county.

Requests for bonds are coming in by mail, telephone and by personal application, citizens generally accepting the bonds not only because they are an exceptionally good investment, but because of a desire to help "finish the job" and "bring 'em back" so that Fayette county will have done her part fully in connection with winning the war.

It is urged that as many persons as possible purchase their bonds this week, using the telephone if they do not have time to see their banker personally.

## COUNCIL PLANS NAMING MEN FOR INVESTIGATION

**Business Firms Petition Council For Hearing of Power Company's Plea.**

**Absence of Councilmen Ties Up Legislation at Adjourned Session.**

Not much business was transacted at the adjourned session of the city council, Monday night, because two councilmen were absent and suspension of rules was impossible.

A communication from the Washington Gas & Electric Company asking for an investigation to determine whether they were entitled to increased rates, was presented.

Immediately afterward came a petition from a score or more of business concerns asking council to make an investigation of the firm's application for increased rates, and to grant a reasonable increase if such increase was found to be necessary.

Rowe moved that a resolution which had been prepared to cover the matter of an investigation, be placed upon its first reading. This was done, and the resolution asked that the Service Committee appoint three competent men to conduct an examination into all branches of the concern's business, for the purpose of determining whether an increased rate should be allowed.

Attorney Reid, representing the Washington Gas & Electric Company, asked if it was planned to have three experts, stating that inasmuch as the resolution provided that the company

pay the examiners, the hiring of three out-of-town experts might be too expensive. He stated that he believed the company would offer no protest to employment of one expert, stating that he believed the resolution a step in the right direction.

No further action on the proposals was taken because of absence of two councilmen—Hicks and Himiller.

Veal asked that a warning sign be erected near the Fayette Hospital, urging elimination of as much noise as possible. He said the cost would be small and that he understood the hospital would be willing to bear part of the expense. The Service Director was empowered to act.

Permission was granted The Washington Gas & Electric Company to tear up the paving at the intersection of Washington Avenue and East street where a bad leak in the service pipe had occurred.

Upon motion of Rowe authority was granted the Service Director to extend the Dayton avenue sewer to Jupiter street.

The Service Director was authorized to look after a leaking service pipe on South Main street, where the water caused a bad condition along the sidewalk.

Adjournment then was taken until next regular meeting on May 5th.

## SGT. BRICE BRIGGS GOES TO MEET 166

Sgt. Bryce Briggs, of New Holland, chosen to represent Pickaway county in the list of 24 wounded members of the 166th Regiment, Rainbow Division, who are to meet the Old Fourth on its arrival in New York, Friday, has joined Sgt. Paul Clutter, of this city and the other 22 wounded Ohioans, ready for the trip to New York at the expense of the State of Ohio, to be on hands when the veterans arrive.

## STEAL TWO AUTOS

When two youths Sunday drove a new automobile into a garage at Summerford, the owner became suspicious at their apparent unfamiliarity with the machine and called the sheriff. The boys took a hurried departure and while making their escape picked up an auto owned by Frank Sexton, South Solon, well known here, in which they sped away.

It was found that the auto which they abandoned is owned by Thomas Decker, Hartman Hotel, Columbus, and was stolen from in front of the hostelry Saturday night.

## STRONGER MEN TAKE THE LEAD

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron from a real blood and nerve builder."

He also says, "Phosphated Iron feeds the blood cells with iron and Nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

## TICKETS GO FAST

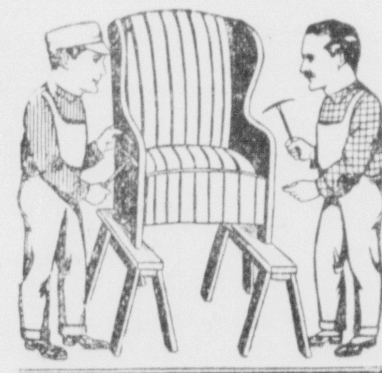

The tickets for the Senior Class play "Standing By," placed on sale Tuesday morning, are going out at an unusually rapid rate with indications that the play would be sold out in record breaking time.

The play is a four act drama in which is interwoven a love story of unusual interest with here and there a flash of bright humor.

Much time and work has been given to make the play a success.

Don't fail to keep an eye upon the friend who offers you suggestions at the expense of another friend.
